

## **Come Join Us and Play**

(M/T Misa Ruzickova, translator Eliska Ruzickova)

Ref

Come join us and play, singing, dancing everyday  
Come join us and play, just a little sway  
One, two, one two three, smiling and laughing is free  
One, two, one two three, smiling is all free

First and second and the third oh, we know numbers all by heart,  
Fourth and fifth and sixth, and seventh, I am flying like a dart,  
First and second and the third oh, we can clap with every beat  
And who doesn't get it perfect, they will get the house all neat

Ref

ABCDEFGH the alphabet is really cool  
CDEFGABC we know all of this from school  
A's a house and B's a belly we make words out of letters  
Then the words will make a sentence, we'll remember for ever

Ref

The ones who know how to rhyme oh they can compose poem books  
the ones who learnt melodies have songs all over their notebooks  
the ones who like numerals oh they will master how to count  
and the ones who have some free time they can join and run around
